SPECTRUM ASSEMBLY WINS THREE SERVICE EXCELLENCE AWARDS

SAN DIEGO, CA -- Spectrum Assembly Inc., (www.saicorp.com), today announced that it had received three awards at the 2012 Service Excellence Awards (SEAs) for Electronics Manufacturing Services (EMS) providers. The awards program was sponsored by Circuits Assembly magazine and recognized EMS companies that received the highest customer service ratings as judged by their own customers. The ceremony was held on Feb. 28, at the IPC APEX Expo in San Diego, California.

SAI won awards for dependability, responsiveness and quality in the revenue category of companies with sales under \$20 million.

“We focus on a culture of service at SAI and these awards help underscore that our customers truly value our efforts. I am extremely proud of our team. This was our first entry into the SEAs and I appreciate our customers’ high ratings. Customer service is really the core differentiator for an EMS company and we plan to continue to raise the bar in that area,” said Mike Baldwin, Spectrum Assembly, Inc.’s vice president.

SAI is exhibiting at the IPC APEX Expo in Booth 512.

Founded in 1993, Spectrum Assembly is headquartered in a 40,000 sq. ft. facility in Carlsbad, CA. As a full service turnkey contract manufacturer, SAI provides manufacturing and test of printed circuit board assemblies, complex box build and cable/harness assemblies. It serves customers in a variety of industries, including medical, defense, agricultural, industrial, audio/visual and lighting. SAI is registered to ISO 9001 and ISO 13485.
