

**FOR IMMEDIATE RELEASE**

**FEBRUARY 21, 2017**

**SPECTRUM ASSEMBLY, INC. WINS TWO SERVICE EXCELLENCE AWARDS**

SAN DIEGO, CA -- Spectrum Assembly Inc., ([www.saicorp.com](http://www.saicorp.com)), won awards for Dependability/Timely Delivery and Technology for EMS companies with revenues under \$20 million at the 2017 Service Excellence Awards (SEA) for Electronics Manufacturing Services (EMS) providers. The awards program was sponsored by Circuits Assembly magazine and recognized EMS companies that received the highest customer service ratings as judged by their own customers through a third party. The ceremony was held on Feb. 14, at the IPC APEX Expo in San Diego, CA.

"I'm truly proud of our team's performance in these awards. When your customers are the judges winning an award for on-time delivery means a lot. The technology award validates that the investments we've continually made are ensuring we have the right tools and automation in place to effectively serve our customers. I'd like to thank our customers for their high ratings and our team for their award-winning performance, said Mike Baldwin, Spectrum Assembly, Inc.'s vice president.

This is the fifth year that SAI has won one or more categories in the SEA awards.

*Founded in 1993, Spectrum Assembly is headquartered in a 60,000 sq. ft. facility in Carlsbad, CA. As a full service turnkey contract manufacturer, SAI provides manufacturing and test of printed circuit board assemblies, complex box build and cable/harness assemblies. It serves customers in a variety of industries, including medical, defense, agricultural, industrial, audio/visual and lighting. SAI is registered to ISO 9001, AS9100 and ISO 13485.*
